Everybody is glad that the Stewart Concert Company is to be here again. They give an entertainment of a higher grade than any other company that ever visits Iola, and will doubtless get a full house this time as they always have.

In addition to the marriages noted elsewhere, licenses were granted this week to Alfred Kettle and Caroline Smith, to Calvin L. Morrison and Emma M. Wallis, and to J. H. Jamison and Mrs. Susan C. Smith, all of Allen county.

Married on Thursday at the residence of Chas. Denton, at 7 p. m., by Rev. J. L. Longdon, of Colony, Kan., Mr. Howard Reed, formerly of Wheeling, W. Va., to Miss Lizzy Shreck, of Colony, Kansas. Eugene Smith and wife, of Colony, came down to witness the ceremony.

Mr. Funston has acted wisely in getting Mr. Pruitt a pension allowance and we are satisfied. We always had an ambition to go to congress in order to get this man a pension, but we are not ambitious now; Mr. Funston is doing well and is a faithful servant. —Inter State.

A card from a correspondent at Tampa, Florida, says that they have had the coldest weather known there; oranges frozen solid and dropping off the trees. And not only is the fruit destroyed but the trees themselves are killed. The loss to that State will amount to millions of dollars.

Some of the towns on the blockaded railroads are suffering a severe coal famine. The last ton of coal in the place was sold at auction for \$32.

The County High School bill has passed both houses of the legislature and will doubtless become a law. We will publish the bill in full next week and will only say now that we are glad it has passed as it will supply the missing link in our school system, and make it the most perfect existing in any state.

The professional card of Dr. W. H. McDowell, whose arrival here from Indiana was noted in the REGISTER two weeks ago, will be found in this issue, he having decided to locate here for the practice of medicine. The doctor comes with a good name, and we wish him success. His office for the present will be at his residence, known as the Charlie Steele property, in the southwest part of town.

As will be seen by their new advertisement, McClure Brothers have decided to continue their clearance sale another month preparatory to moving into their new quarters. The new quarters referred to is the Dr. Hendricks building, formerly occupied by Betty Brothers. They have secured a three years lease of this room and expect to move into it about March 15. This is one of the finest locations in town and McClure Brothers are fortunate in securing it.

The Southern Kansas railroad is doing good advertising work for Kansas now in the publication of a sixteen page paper called the Southern Kansan. E. F. Caldwell, formerly of this county is editor of it and the paper speaks highly for his energy and ability. The paper answers almost every question that could possibly be asked about Kansas and is just the thing to send to friends in the east. The paper will be forwarded without cost to any address sent to S. B. Hynes, Lawrence, Kansas.

We noticed a resident of Humboldt trading in one of our dry goods stores last Monday, while in one of our book stores we were shown two large bundles of school books that were sold to Humboldt teachers. In addition to this, men have been in our office this week who said that it paid them to drive eight or ten miles farther to get their groceries in Iola as prices were much lower here than in Humboldt. All of which shows that the REGISTER knew what it was talking about when it kept insisting that Iola was the place to do your trading.

We are very glad to announce that arrangements have been made by the Relief Association whereby all the destitute in the city will be given assistance so long as it may be necessary.

The work has been done promptly and well and the ladies whose efforts have accomplished it deserve much praise. Four of the churches took collections last Sunday for the benefit of the poor, the sum thus raised amounting to \$18.27. The Presbyterian church will take up a collection for the same purpose next Sunday. In addition to this the Association has received cash donations from individuals to the amount of \$1.25 and Mr. I.
